

HEALTH & PRODUCT DISCLAIMER

Last Updated: August 2026

The information provided on the Kanye Kings Stem Cell SA website is intended for general product, wellness and educational purposes only.

Kanye Kings products are wellness products and should not be regarded as a substitute for professional medical advice, diagnosis, prescribed medication or appropriate medical treatment.

Please read this disclaimer carefully before using the website or any Kanye Kings product.

1. General Wellness Information

Information on this website may discuss:

- Plant-based wellness
- Nutrition
- Ingredients
- Product formats
- General health and wellbeing
- Vitamins, minerals, antioxidants and plant compounds
- Healthy lifestyle considerations

This information is provided for general educational purposes and should not be interpreted as personalised medical, nutritional or healthcare advice.

Individual health needs differ and information that may be appropriate for one person may not be appropriate for another.

2. Kanye Kings Products Are Not Medical Treatments

Kanye Kings products are wellness products.

They are not intended to:

- Diagnose a disease or medical condition
- Treat a disease or medical condition
- Cure a disease or medical condition
- Replace prescribed medication
- Replace medical procedures
- Replace professional healthcare
- Guarantee a particular health outcome

Customers should not delay or discontinue appropriate medical care because of information found on this website or because they are using a Kanye Kings product.

3. Use of the Term “Stem Cell”

The words “**Stem Cell**” form part of the Kanye Kings Stem Cell SA brand and product terminology. Kanye Kings wellness products should not be confused with medical stem cell therapies, stem cell transplants, regenerative medicine procedures or other clinical treatments involving human stem cells.

Unless specifically stated and supported by appropriate regulatory documentation, Kanye Kings products do not contain human stem cells and are not medical stem cell treatments.

4. Individual Results May Vary

Every person's body, diet, lifestyle and health circumstances are different.

The way an individual experiences a wellness product may vary according to factors including:

- Age
- Diet
- Lifestyle
- Existing health conditions
- Medication use
- Individual sensitivities
- Frequency of use
- Overall nutrition
- General health

Kanye Kings does not guarantee specific results from the use of any product.

5. Product Information

Kanye Kings aims to provide clear and accurate information about its products, including ingredients, recommended use, storage instructions and relevant warnings.

Customers should always read the information provided on the product packaging before use.

Where the information displayed on the website differs from the information supplied on the physical product, customers should follow the current product label and contact Kanye Kings if clarification is required.

6. Ingredients & Allergies

Ingredients differ between Kanye Kings products.

Customers are responsible for reviewing the complete ingredient list before using a product, particularly if they have:

- Food allergies
- Plant or botanical allergies
- Ingredient sensitivities
- Dietary restrictions
- Known intolerances

Discontinue use and seek appropriate medical advice if you experience an unexpected or concerning reaction after using a product.

In the event of a severe allergic reaction or other medical emergency, seek urgent professional medical assistance.

7. Medication & Existing Medical Conditions

If you are taking prescribed medication, using chronic medication or managing an existing medical condition, you should consult your doctor, pharmacist or another appropriately qualified healthcare professional before using supplements or wellness products.

Plant-derived ingredients and supplements may interact with certain medications or may not be suitable for every medical condition.

Do not stop, reduce or alter prescribed medication based on information on the Kanye Kings website.

8. Pregnancy & Breastfeeding

If you are pregnant, planning a pregnancy or breastfeeding, consult an appropriate healthcare professional before using Kanye Kings products.

The suitability of individual ingredients may differ during pregnancy and breastfeeding.

9. Children

Kanye Kings products should only be given to children where the specific product information confirms that the product is suitable for the child's age and where the recommended instructions are followed.

Where there is any uncertainty, parents or guardians should consult an appropriate healthcare professional before giving a wellness product or supplement to a child.

Products should be kept out of reach of children unless being administered responsibly by an adult.

10. Recommended Use

Always follow the directions provided on the individual Kanye Kings product.

Do not exceed the recommended amount unless advised to do so by an appropriately qualified healthcare professional.

Using more than the recommended amount does not necessarily provide additional benefit and may increase the risk of unwanted effects.

11. Combining Products

Customers should review the ingredient information of each product before using multiple wellness products or supplements at the same time.

Different products may contain similar or overlapping ingredients.

If you are uncertain about combining Kanye Kings products with other supplements, medications or wellness products, consult a healthcare professional.

12. Balanced Diet & Healthy Lifestyle

Wellness products should form part of a broader approach to health.

Kanye Kings products are not intended to replace:

- A balanced diet
- Adequate hydration
- Regular physical activity
- Sufficient sleep
- Appropriate stress management
- Medical check-ups
- Professional healthcare

Good health cannot be attributed to a single product or ingredient.

13. Plant-Based Does Not Mean Risk-Free

The fact that an ingredient is plant-derived or naturally occurring does not mean it is suitable for every person.

Natural and botanical ingredients can still:

- Cause allergic reactions
- Interact with medication
- Affect certain medical conditions
- Cause sensitivity in some individuals

Customers should consider their own health circumstances before using any wellness product.

14. SABS Testing

Where Kanye Kings refers to testing conducted through the South African Bureau of Standards (SABS), such references relate only to the specific testing performed and the results documented for the applicable product or sample.

References to SABS testing should not be interpreted as a general medical endorsement or proof that a product can prevent, diagnose, treat or cure a medical condition.

Relevant testing information may be made available by Kanye Kings where appropriate.

15. Customer Reviews & Testimonials

Customer reviews, testimonials and personal experiences displayed on the Kanye Kings website or social media platforms represent the individual experiences and opinions of those customers.

Testimonials:

- Do not guarantee that another customer will experience the same result.
- Should not be interpreted as medical evidence.
- Do not replace professional medical advice.
- Do not represent a guarantee made by Kanye Kings.

Individual experiences may vary considerably.

16. Before-and-After Claims

Where customer experiences, progress photographs or other comparative content are displayed, they represent individual experiences only.

Such content should not be interpreted as a guarantee of results for other customers.

Kanye Kings does not guarantee that using a particular product will produce the same outcome.

17. Website Content

Although reasonable efforts are made to keep health and product information accurate and current, information relating to nutrition, wellness and scientific research may change over time.

Website information should therefore not be relied upon as the sole basis for making important medical or healthcare decisions.

For personal medical advice, consult an appropriately qualified healthcare professional.

18. External Information & Third-Party Sources

The Kanye Kings website may contain links to external websites, research, articles or other third-party information.

External sources are provided for general information where applicable.

Kanye Kings does not control all third-party content and cannot guarantee that information on external websites will always remain accurate, complete or current.

19. Product Safety

Do not use a Kanye Kings product if:

- The packaging appears damaged or tampered with;
- The product appears abnormal;
- The expiry or best-before date has passed where applicable; or
- The product has not been stored according to the stated instructions.

Contact Kanye Kings if you receive a product that appears damaged, defective or unsuitable for use.

20. Adverse Reactions

If you experience an unwanted reaction that you believe may be associated with a Kanye Kings product:

1. Stop using the product where appropriate.
2. Seek medical advice if symptoms are persistent or concerning.
3. Seek urgent medical assistance in the event of a serious reaction.
4. Contact Kanye Kings and provide the product name, batch information and relevant details where available.

Reports of adverse reactions may be investigated in accordance with applicable quality and regulatory requirements.

21. No Professional Relationship

Using this website, contacting Kanye Kings or purchasing a Kanye Kings product does not create a doctor-patient, pharmacist-patient, dietitian-patient or other professional healthcare relationship.

Any general product guidance provided by Kanye Kings customer service representatives should not be regarded as individual medical advice.

22. Customer Responsibility

Customers are responsible for:

- Reading product information before use;
- Following recommended directions;
- Checking ingredients for known allergies or sensitivities;
- Storing products correctly;
- Seeking medical advice where appropriate; and
- Using products responsibly.

If you are uncertain whether a Kanye Kings product is appropriate for you, consult a qualified healthcare professional before use.

23. Limitation of Liability

To the extent permitted by South African law, Kanye Kings will not be responsible for loss or harm arising directly from:

- Use of a product contrary to its instructions;
- Exceeding the recommended usage;
- Ignoring allergy or warning information;
- Failure to seek appropriate medical advice;
- Combining products or medication without appropriate professional advice; or
- Reliance on general website information as a substitute for professional medical care.

Nothing in this disclaimer is intended to exclude or limit any rights or protections that cannot lawfully be excluded under applicable South African legislation.

24. Changes to This Disclaimer

Kanye Kings may update this Health & Product Disclaimer when necessary to reflect:

- Changes to the product range;
- Updated product information;
- Changes to applicable legislation;
- Regulatory requirements; or
- Changes to website content.

The current version will be published on this website together with the date it was last updated.

25. Contact Kanye Kings
